

Potens Data Privacy Policy

Effective Date: January 2025. This policy governs personal data collected from employees, clients, and website visitors of Potens IT Services.

Personal data must be retained only for as long as necessary to fulfill the stated purpose, with a maximum retention period of seven (7) years for client contract records unless law requires longer storage.

All employees must complete annual data protection training by March 31 each year.

Data subjects may request deletion of personal data within thirty (30) days of a verified written request, except where legal obligations require retention.

Security incidents must be reported to the Data Protection Officer within twenty-four (24) hours of discovery.
